

Escrow & Transaction Registration.

Safe purchase without a UAE account.

Escrow account, property verification, legal deal closing — for those buying or selling property in UAE without a local bank account.

Why Escrow

CONTEXT

Buying property in the UAE without a local account is standard for non-residents. An escrow account solves the problem: funds are held in a protected account until the deal completes. We handle legal verification, document preparation, and registration with DLD (Dubai Land Department).

What You Get

OUTCOME

Fund Safety

Escrow account: funds transfer to seller only after ownership registration.

No Local Account Needed

No UAE bank account required to complete the transaction. Escrow is the alternative route.

Legal Verification

Property, seller, encumbrance, developer status check. Due diligence before the deal.

DLD Registration

Full support for ownership registration at Dubai Land Department.

How It Works

PROCESS

01

Verification

Property and seller due diligence. Encumbrance check, DLD status.

02

Escrow

Escrow account opening. Buyer funds transfer to protected account.

03

Documentation

SPA (Sale Purchase Agreement) preparation, NOC from developer, DLD documents.

04

Registration

DLD transfer, Title Deed issuance, fund release to seller.
