

Commission Factoring. Your money — before the deal closes.

Advance financing of broker commissions on real estate deals. Get paid immediately without waiting for developer settlement.

How It Works

MECHANICS

Agent closes a deal, but commission arrives in 30–90 days (sometimes longer). Factoring solves this: we advance your commission right after deal confirmation. You get money, we collect when the developer settles. No loans, no collateral, no complex paperwork.

What You Get

OUTCOME

Immediate Cash

Up to 80% commission advance within 3–5 business days after deal confirmation.

No Loans

This is not a loan. We purchase the receivable — your credit history is irrelevant.

Simple Process

Deal confirmation → documents → money in your account. Minimum bureaucracy.

Scalability

More deals = more advances. Factoring grows with your business.
