

UAE Bank Account. Including complex profiles.

Personal and corporate accounts. Bank selection matched to your profile, SOF preparation, compliance support — even for complex jurisdictions.

The Challenge

CONTEXT

UAE banks have tightened checks: rejections without explanation, account freezes, SOF requests months after opening. Especially difficult for clients with Russian passports, crypto income, multiple jurisdictions. We know which banks work with which profiles and prepare clients to pass compliance on the first attempt.

What You Get

Full Support

We manage from filing to activation. Answer compliance questions, refine the package.

Complex Profiles

We work with High Risk profiles: RF passport + residence permit, crypto-SOF, multiple jurisdictions.
