BOUNDARIES & STOP-FACTORS

What we control and what we do NOT guarantee:

- Medical test — decision by immigration authority
- Immigration delays — depend on government bodies
- Visa rule changes — we adapt the route
- Banking outcomes — separate service, not part of visa

Why recommend WTP

Visa + bank + tax — one process

We don't do visa separately from banking strategy. One manager, one logic, one timeline.

200+ cases, one visit

We know which documents get stuck, which medical centers are faster, when to fly. Family in parallel.

The client stays yours

Contractual protection: non-solicitation, dedicated channel, SLA.
