DIFC/ADJD Will for expats: priority over Sharia,
guardianship, asset control.

WHO IS THIS CLIENT

- UAE resident with property, bank accounts, company shares
- Family (spouse, children) — needs guardianship provisions
- Expat — Sharia inheritance applies by default
- Often combines will with Foundation or banking structure

THE PROBLEM

100+

wills prepared
since 2019

| Without a will, UAE court distributes under Sharia — spouse receives 1/8

| Accounts and property are frozen — heirs wait for months

| Your client loses control over who gets what

BOUNDARIES & STOP-FACTORS

What we control and what we do NOT guarantee:

- DIFC/ADJD covers UAE assets — international assets need a separate will
- Changes in family composition require will updates
- A will does not replace Foundation for complex structures
- Client must be personally present at registration
