WHO IS THIS CLIENT

- Individual or company — needs a UAE bank account
- Complex profile: RF passport, crypto, multiple jurisdictions
- Already received rejection(s) — needs professional approach
- Often combines with company registration or visa

THE PROBLEM

400+

accounts opened
since 2019

- | Random applications are recorded in Credit Bureau — reduces chances
- | SOF without preparation = 70% rejection probability
- | Bank rejection puts your recommendation in question

BOUNDARIES & STOP-FACTORS

What we control and what we do NOT guarantee:

- | Final decision is made by the bank — we maximize chances
- | Sanctions lists — we do not work with SDN/OFAC
- | Client without documents = NO-GO until KYC is provided
- | Crypto-SOF requires detailed preparation — extends timelines

Why recommend WTP

400+ accounts, 95% success

We don't file randomly. Precise bank matching per profile, individual SOF package.

Specialization in complex cases

RF passport, crypto, High Risk — we take profiles others declined.

The client stays yours

Contractual protection: non-solicitation, dedicated channel, SLA.

NEXT STEPS

Start with your first case
