BOUNDARIES & STOP-FACTORS

What we do NOT do — and what protects your reputation:

- | Don't take clients without documents — no docs = NO-GO
- | Don't force cases through banks — every rejection is recorded
- | Don't make false guarantees — honest verdict, even if it's a decline
- | Don't work with clients hiding beneficial owners

Why recommend WTP

Partner reputation protection

~30% of cases are declined at Pre Screen. This filter protects both the client and you.

We start with the bank, not registration. 350+ cases. Client doesn't spend money on a non-working structure.

The client stays yours
