Why Choose WTP

Your client stays yours forever

When you refer a client or close a deal through our agency, they remain yours permanently. All future deals will generate commissions for you, creating stable and growing income.

Commission payouts right after the deal

Our payout system works quickly and transparently: you receive your commissions immediately after the developer pays out.

Financial consulting

Our specialists monitor all changes in international legislation and tax requirements, ensuring full compliance with all norms.

Legal protection

All deals are fully protected from a legal standpoint. Full compliance with all UAE laws and regulations guaranteed.

Mortgage approval assistance

Comprehensive support at every stage: from application to final approval. Our experts work with leading UAE banks.

Partners Program

The Partners format gives you full control over the deal and client interaction. Ideal for experienced professionals ready to take full responsibility for the entire transaction, receiving an increased commission in return.

COMMUNICATION	DOCUMENTATION	MAXIMUM COMMISSION
You personally interact with the client, select properties, and organize all stages of the deal without our brokers' involvement.	You and your team are fully responsible for preparing all required documentation and ensuring its compliance with regulations.	For your active participation in the process, you receive the best terms and the maximum commission share.

If you recruit new partners, you will receive an additional percentage from each of their deals.

Referrals Program

The Referrals format is ideal for those who want to earn from deals without organizing them. Focus on expanding your client base while our professionals handle everything else.

FULL SERVICE

Our brokers handle property selection, client negotiations, preparation and collection of all documents, providing support at every stage of the deal.

FAST COMMISSION

You receive your commission immediately after the developer pays out, without needing to be involved in operational processes.
