WHO IS THIS CLIENT

- HNWI / UHNW — entrepreneurs, families with \$3–5M+ capital
- Assets scattered across jurisdictions — no unified picture
- Needs consolidation and capital management strategy
- Ready for a systematic approach, not a one-off consultation

THE PROBLEM

\$100M+

capital under management
15 families globally

- | Without diagnostics, client loses on inefficient assets and hidden risks
- | Fragmented assets = impossible to make strategic decisions
- | Client goes to competitors with a systematic offering

WHERE THE MONEY IS & DIFFERENTIATORS

We are not "consulting" — we are execution:

- | \$100M+ capital under management — real track record
- | 15 families globally — multi-jurisdiction experience
- | X-Ray = low margin entry. Subscription = main cashflow
- | Deals / investments = upside. Model: AUM + recurring + deal fees

Why recommend WTP X-Ray

Systematic approach

Not a one-off consultation, but full diagnostics → strategy → management. Client gets value at every stage.

Execution, not advice

We don't give advice — we build and manage capital systems. Coordination of banks, brokers, lawyers.

The client stays yours

Contractual protection: non-solicitation, dedicated communication channel, SLA. We are the back-office, not the front office.

NEXT STEPS

Start with your first case

- 1 Send client description and their capital structure
- 2 We'll run a Light X-Ray (free, 30–45 min)
- 3 Client receives risk map and Full X-Ray proposal
