Instagram Strategy (Month 1)

Posting rhythm:

- **Reels:** 3-4 per week (12-16 total)
- **Stories:** Daily (5-7 per day)
- **Carousel posts:** 0-1 per week (optional, focus on Reels)

Categories breakdown:

- Property Story: 4-5 Reels
- Educational: 4-5 Reels
- Market Data: 2-3 Reels
- Client Win: 1-2 Reels

Week 1: Foundation & Education

Reel 1.1 — Educational

Category: Educational **Title/Hook:** "Stop! Don't buy property in Dubai until you check this" **Duration:** 40 seconds **Concept:** Fast-paced talking head — 3 critical checks BEFORE buying property in Dubai: (1) Can you open a bank account? (2) What's the optimal ownership structure? (3) Have you checked exit tax from your country? Most agents skip all three. We start with them. **Hashtags:** #DubaiRealEstate #DubaiProperty #GoldenVisa #DubaiInvestment #PropertyInvestorUAE #MoveToDubai #BankingFirst **CTA:** "Link in bio — free pre-screen checklist"

Reel 1.2 — Property Story

Category: Property Story **Title/Hook:** "German investor almost lost \$2M" **Duration:** 60 seconds **Concept:** Client from Munich. Exit tax. Bought off-plan through another agent. Closing day — bank refused account opening. Source of funds didn't pass pre-check. He came to us. Problem was solvable, but needed structure. Lesson: 40% of buyers face banking issues AFTER purchase. Our approach: banking pre-screen → structure → only then property. **Hashtags:** #DubaiRealEstate #ExitTax #GermanInvestors #UAEBanking #DubaiProperty #BankingFirst #PropertyInvestment **CTA:** "Same situation? Link in bio for free pre-screen"

Reel 1.3 — Market Data

Category: Market Data **Title/Hook:** "RAK property prices +47% YoY — here's why" **Duration:** 50 seconds **Concept:** Quick data carousel on screen + voiceover. RAK prices jumped 47% year-over-year. Wynn Casino opening 2027. Al Marjan Island is the next hotspot. Show graph, highlight Al Marjan. "Most investors still looking at Dubai Marina. Smart money is moving to RAK." **Hashtags:** #RAKProperty

#DubaiRealEstate #AlMarjanIsland #PropertyInvestment #WynnCasino #RAKInvestment #UAEProperty CTA: "Free RAK investment report — link in bio"

Week 2: Trust Building & Client Stories

Reel 2.1 — Property Story

Category: Property Story **Title/Hook:** "UK non-dom relocater — here's what he needed" **Duration:** 55 seconds **Concept:** Client from London. Non-dom regime changing. Budget \$3.5M. Needs substance in UAE. We structured: property in his company name (not personal) → Golden Visa → UAE tax residency → UK exit clean. Show B-roll of Dubai property (generic skyline). "This isn't just buying an apartment. This is relocating a tax structure." **Hashtags:** #UKNonDom #GoldenVisa #DubaiRelocation #TaxResidency #LondonToDubai #DubaiProperty #Substance **CTA:** "Relocating from UK? Link in bio for free consultation"

Reel 2.2 — Educational

Category: Educational **Title/Hook:** "Golden Visa checklist — 2026 edition" **Duration:** 45 seconds **Concept:** Talking head + text overlay. Golden Visa through property — quick checklist: ✅ 2M AED minimum property value, ✅ Must be ready or off-plan from approved developer, ✅ Bank account mandatory (this is where 90% fail), ✅ Structure matters (personal vs company), ✅ Visa takes 4-8 weeks AFTER property closes. "We handle all 5 steps." **Hashtags:** #GoldenVisa #DubaiProperty #UAEVisa #GoldenVisaDubai #PropertyInvestment #MoveToDubai #DubaiLife **CTA:** "Download full checklist — link in bio"

Reel 2.3 — Client Win

Category: Client Win **Title/Hook:** "Keys in hand. 6 weeks. Here's how." **Duration:** 30 seconds **Concept:** Short, punchy. B-roll: keys on table, property exterior (or stock footage). Voiceover: "Client called us on January 15. Golden Visa approved February 28. From first call to handover: 6 weeks. Banking pre-screen → structure → property selection → visa application. No delays. No surprises." End with WTP logo. **Hashtags:** #GoldenVisa #ClientSuccess #DubaiProperty #PropertyInvestment #MoveToDubai #UAEVisa #FastTrack **CTA:** "Want the same speed? Link in bio"

Week 3: Market Insight & Differentiation

Reel 3.1 — Market Data

Category: Market Data **Title/Hook:** "Dubai vs Abu Dhabi — where's the better ROI?" **Duration:** 60 seconds **Concept:** Data comparison on screen. Dubai average rental yield 6-7%, Abu Dhabi 5-6%. But Abu Dhabi capital appreciation slower. Dubai Marina — saturated. Expo City Dubai — undervalued. Show graph. "If you want yield now — Dubai niche areas. If you want capital gain 5 years — RAK or Expo City." End with: "We match property to YOUR goals, not commission." **Hashtags:** #DubaiRealEstate #AbuDhabiProperty #ROI #PropertyInvestment #RentalYield #ExpoCityDubai #DubaiMarina **CTA:** "Free ROI analysis — link in bio"

Reel 3.2 — Educational

Category: Educational **Title/Hook:** "3 questions to ask your Dubai agent (they won't like #2)" **Duration:** 50 seconds **Concept:** Talking head. Question 1: "Can you pre-screen my banking eligibility?" (Most agents: "Bank? That's not my job.") Question 2: "What ownership structure do you recommend for my tax situation?" (Most agents: blank stare.) Question 3: "What happens if I need to sell in 3 years?" (Most agents: "You'll make profit!" — not a plan.) "We answer all 3 before showing you a single property." **Hashtags:** #DubaiRealEstate #PropertyInvestment #DubaiProperty #BuyerGuide #InvestorTips #RealEstateDubai #SmartInvesting **CTA:** "Book a no-BS consultation — link in bio"

Reel 3.3 — Property Story

Category: Property Story **Title/Hook:** "Family office — 3 properties, one strategy" **Duration:** 60 seconds **Concept:** Anonymized story. European family office. Portfolio diversification. Bought 3 properties across Dubai, RAK, Abu Dhabi. Total \$8M. We structured: holding company → each property in SPV → clean separation for exits. Banking setup: multi-currency accounts, property management integration. "This is what institutional RE looks like. We bring that to individual investors." **Hashtags:** #FamilyOffice #PropertyPortfolio #DubaiInvestment #InstitutionalRE #WealthManagement #DubaiProperty #RAKProperty **CTA:** "Portfolio strategy consultation — link in bio"

Week 4: Engagement & Community Building

Reel 4.1 — Educational

Category: Educational **Title/Hook:** "Biggest mistake Dubai property buyers make" **Duration:** 40 seconds **Concept:** Talking head, direct to camera. "The mistake: signing the SPA before checking if you can open a bank account. Here's what happens: you pay 10% deposit, SPA signed, 30 days to closing. Week 3 — bank says no. Source of funds issue. Now you either lose deposit or scramble to fix structure. Solution: banking pre-screen BEFORE you sign anything. It's free. It takes 48 hours. It saves \$100K+ in problems." **Hashtags:** #DubaiProperty #RealEstateMistakes #PropertyInvestment #BankingFirst #DubaiInvestment #BuyerBeware #SmartInvesting **CTA:** "Free banking pre-screen — link in bio"

Reel 4.2 — Property Story

Category: Property Story **Title/Hook:** "Dutch investor — Box 3 exit through Dubai property" **Duration:** 55 seconds **Concept:** Client from Netherlands. Box 3 wealth tax issue. Decided to relocate. Budget 2.5M AED (Golden Visa threshold). We helped: tax residency setup → property in personal name (optimal for NL exit) → Golden Visa → clean break from NL tax. Show property B-roll (villa or apartment exterior). "Exit tax planning isn't just for billionaires. It's for anyone moving wealth across borders." **Hashtags:** #DubaiProperty #ExitTax #NetherlandsTax #Box3 #GoldenVisa #TaxPlanning #DubaiRelocation **CTA:** "Relocating from NL/DE/UK? Link in bio"

Reel 4.3 — Market Data

Category: Market Data **Title/Hook:** "Expo City Dubai — the opportunity nobody's talking about" **Duration:** 50 seconds **Concept:** B-roll of Expo City (metro, pavilions, modern infrastructure). Voiceover: "Expo 2020 is over. Everyone forgot about Expo City. But: metro connection, world-class infrastructure, 5-year capital appreciation potential. Prices still 20% below Dubai Marina per sqft. Conservative investors love it. We're seeing institutional interest pick up." End with chart: Expo City vs Marina price/sqft. **Hashtags:** #ExpoCityDubai #DubaiProperty #PropertyInvestment #District2020 #DubaiRealEstate #HiddenGem #UAEInvestment **CTA:** "Expo City guide — link in bio"

Instagram Stories Strategy (Daily)

Weekly themes: Monday — Market Monday

- Poll sticker: "RAK or Dubai for 2026?" — engagement driver

Tuesday — Viewing Tour Tuesday

- 3-4 Stories: Behind-the-scenes from property viewings (quick 10-15 sec clips)
- Location sticker: tag the area/building
- "Swipe up" or "Link in bio" for inquiry

Wednesday — Q&A Wednesday

- Question box: "Ask me anything about Dubai property"
- Answer 3-5 questions throughout the day (short video replies or text)

Thursday — Client Journey Thursday

- 2-3 Stories: Anonymized client progress (e.g., "Visa approved today 🎉", "Keys collected", "Bank account open")
- Build trust through results (with client permission)

Friday — Insight Friday

- 1-2 Stories: Educational tip (e.g., "Did you know: Golden Visa property must be 2M+ AED", "Ownership structure tip")
- Countdown sticker for next Reel (coming Monday)

Saturday/Sunday — Lifestyle & BTS

- Office life, Dubai lifestyle, team moments (humanize the brand)
- Polls: "Best area for families?" "Investment or Golden Visa — your priority?"

YouTube Strategy (Month 1)

Uploads: 2 long-form videos in Month 1 **Goal:** Establish authority, rank for high-intent keywords, drive organic search traffic

Video 1: "Golden Visa Through Property in 2026: Complete Guide"

Duration target: 12-15 minutes **Concept:** Definitive guide covering everything a buyer needs to know about obtaining Golden Visa through real estate in UAE. Not a sales pitch — pure education with WTP methodology woven in naturally. **Target keyword:** "Golden Visa Dubai property 2026" **Secondary keywords:** "buy property Dubai Golden Visa", "2M AED property visa", "UAE Golden Visa real estate" **Outline:**

- **Hook (0:00-0:30):** "90% of Golden Visa applications through property hit a banking roadblock. Here's the complete guide to avoid it."
- **Agenda (0:30-2:00):** What you'll learn — requirements, process, what nobody tells you, real example
- **Chapter 1 (2:00-5:00): Requirements**

- 2M AED minimum property value - Eligible property types (ready vs off-plan, approved developers) - Timeline expectations (4-8 weeks after property closing) - Banking requirement (often overlooked)

- **Chapter 2 (5:00-8:00): The Process Step-by-Step**

- Step 1: Banking pre-screen (BEFORE property search) - Step 2: Ownership structure decision (personal vs company) - Step 3: Property selection and SPA signing - Step 4: Property registration with Land Department - Step 5: Visa application submission - Step 6: Medical, Emirates ID, visa stamping

- **Chapter 3 (8:00-11:00): What Nobody Tells You**

- Banking problems: why 40% of buyers struggle - Exit tax from country of origin (UK, DE, NL examples) - Substance requirements: just owning property ≠ tax residency - Holding costs: service charges, utilities, maintenance - Exit strategy: selling with active Golden Visa

- **Chapter 4 (11:00-14:00): How WTP Does It Differently**

- Banking-first approach: pre-screen before property search - Integrated service: company + bank + visa + property in one package - Real anonymized case: UK client, \$3M budget, 6-week timeline

- **Summary + CTA (14:00-15:00):** Recap key points. "If you're considering Golden Visa through property — book a free pre-screen call. Link in description."

B-roll suggestions:

- Dubai skyline, property exteriors
- Banking documents (blurred for privacy)
- Visa stamping process (stock or client permission)
- WTP office, team working
- Graphics: timeline flowchart, cost breakdown table, eligibility checklist

Graphics needed:

- Golden Visa timeline infographic
- Eligible property types comparison table
- Banking pre-screen checklist
- Exit tax comparison (UK/DE/NL)

YouTube Description (250+ words): `` Golden Visa Through Property in 2026: Complete Guide

Thinking about getting UAE Golden Visa through real estate? This is the only guide you need.

In this video, I cover:

- ✅ Exact requirements (2M AED threshold, property types, timeline)
- ✅ Step-by-step process from banking pre-screen to visa stamping
- ✅ What agents don't tell you (banking roadblocks, exit tax, substance)
- ✅ How to structure ownership correctly for your tax situation
- ✅ Real case example: UK investor, 6-week timeline, zero delays

THE BIGGEST MISTAKE buyers make: signing the property agreement BEFORE checking if they can open a UAE bank account. 40% of buyers face this problem. We solve it by doing banking pre-screen first.

WTP Boutique Real Estate isn't a typical agency. We're an integrated advisory: company setup + banking + visa + property – all in one package. We don't just sell square meters. We build investor infrastructure.

Video 2: "RAK vs Dubai: Where to Invest in 2026?"

Duration target: 10-12 minutes **Concept:** Data-driven comparison between Ras Al Khaimah and Dubai for property investment. Cover prices, yields, capital appreciation potential, Wynn Casino effect, infrastructure, and WTP recommendation. **Target keyword:** "RAK property investment 2026" **Secondary keywords:** "RAK vs Dubai property", "Al Marjan Island investment", "Ras Al Khaimah real estate" **Outline:**

- **Hook (0:00-0:30):** "RAK property prices jumped 47% last year. Wynn Casino opens 2027. Is this the next Dubai Marina – or overhyped? Let's look at the data."
- **Agenda (0:30-1:30):** What we're comparing – price, yield, appreciation, infrastructure, risk
- **Chapter 1 (1:30-4:00): Price Comparison**

- Current avg price/sqft: RAK (Al Marjan) vs Dubai (Marina, Downtown, JVC) - Entry price comparison: 600K AED in RAK vs 1.2M in Dubai Marina - Historical price trends (2020-2026) - Chart: RAK +47% YoY, Dubai +15% YoY

- **Chapter 2 (4:00-6:30): Rental Yields & ROI**

- RAK: 8-10% gross yield (holiday homes) - Dubai Marina: 6-7% yield (saturated) - Capital appreciation potential: RAK upside vs Dubai stability - Total ROI projection: 5-year horizon

- **Chapter 3 (6:30-9:00): Wynn Casino Effect & Infrastructure**

- Wynn Casino opening 2027 – what it means for RAK - Comparable: Las Vegas, Macau property price impact post-casino - RAK infrastructure development: roads, airport, marinas - Holiday homes opportunity: STR regulations, Airbnb performance

- **Chapter 4 (9:00-11:00): Banking Considerations & WTP Recommendation**

- Banking: both RAK and Dubai properties qualify for same banking treatment - Golden Visa: 2M AED threshold works in both locations - WTP Take: "RAK for aggressive growth + holiday home income. Dubai for stable yield + liquidity." - Risk assessment: RAK = higher upside, higher risk. Dubai = lower upside, lower risk.

- **Summary + CTA (11:00-12:00):** "Your decision depends on your goals. Want growth? RAK. Want stability? Dubai niche areas like Expo City. Want to discuss your specific situation? Link in description for free consultation."

B-roll suggestions:

- Al Marjan Island footage (beaches, villas, development)
- Wynn Casino renders (if available) or comparable casino resorts
- Dubai Marina skyline for comparison
- Graphs and data charts (animated)
- Map: RAK vs Dubai distance, infrastructure

Graphics needed:

- Price comparison bar chart (RAK vs Dubai areas)
- Rental yield comparison pie charts
- 5-year ROI projection graph
- Wynn Casino timeline infographic
- Risk/reward matrix (RAK high/high, Dubai medium/medium)

YouTube Description (250+ words): ` RAK vs Dubai Property Investment: Where to Invest in 2026?

Ras Al Khaimah (RAK) property prices jumped 47% last year. Wynn Casino is opening in 2027. Is RAK the next big thing – or should you stick with Dubai?

In this video, I break down the DATA (not opinions):

- 📊 Price comparison: RAK Al Marjan vs Dubai Marina, Downtown, JVC
- 📊 Rental yields: RAK 8-10% vs Dubai 6-7%
- 📊 Capital appreciation: RAK growth potential vs Dubai stability
- 📊 Wynn Casino effect: what happened in Vegas and Macau
- 📊 Infrastructure development: roads, airport, STR regulations
- 📊 Banking & Golden Visa: how both locations compare

MY TAKE: RAK is for aggressive investors who want capital growth + holiday home income. Dubai is for conservative investors who want stable yield + liquidity.

Your choice depends on YOUR investment goals. This isn't "one is better" – it's "which fits your strategy."

At WTP, we don't push you toward higher commission. We structure the investment based on your tax situation, risk tolerance, and exit timeline.

Videos published	2
Total views (30 days)	500-1,000
Subscribers	20-50
Avg watch time	40%+ (critical for algorithm)
Leads from YouTube	0-1

Content Production Workflow

Instagram Reels (each):

1. Script (10 min)
2. Shoot (5-10 min: talking head or B-roll voiceover)
3. Edit in CapCut (15-20 min: cuts, subtitles, music)
4. Export + post (5 min)

Total time per Reel: 35-45 minutes **YouTube Videos (each):**

1. Script (60-90 min)

2. Graphics prep in Canva (30-45 min)
3. Shoot (60-90 min: talking head + B-roll)
4. Edit in DaVinci Resolve or Final Cut (3-4 hours: cuts, B-roll, graphics, music, color)
5. Thumbnail design (20 min)
6. Upload + description + tags (15 min)

Total time per video: 6-8 hours **Weekly time budget:**

- Instagram: 3 Reels × 40 min = 2 hours
- Stories: 10 min/day × 7 = 70 min
- YouTube: 1 video every 2 weeks = 3-4 hours/week averaged

Total: ~6 hours/week for Month 1 content production

Tools & Equipment

Minimum viable setup:

- Camera: iPhone (existing)
- Microphone: Rode VideoMicro (\$70) or DJI Mic (\$250)
- Lighting: Ring light (\$50-100) for talking head
- Editing: CapCut (free, mobile) for Reels, DaVinci Resolve (free, desktop) for YouTube
- Graphics: Canva (free or Pro \$13/month)
- Music: Epidemic Sound (\$15/month) or Instagram/YouTube audio library

Total setup cost: \$150-400 one-time + \$15-30/month subscriptions

Cross-Platform Repurposing Flow

Every YouTube video generates 4-6 pieces of secondary content:

YouTube (12-15 min) → 3 Instagram Reels (30-60 sec clips from key chapters) → 1 LinkedIn carousel (key data points as slides) → 1 LinkedIn text post (contrarian angle from the video) → 3-5 Instagram Stories (behind-the-scenes of filming + key stats) **YouTube → Reel extraction points:**

- Hook (first 30 sec) → standalone teaser Reel
- Most surprising data point → data-focused Reel
- Client story section → property story Reel

YouTube Playlist Strategy:

- Playlist 1: "Golden Visa Dubai" (all visa content)
- Playlist 2: "Dubai Market Analysis" (data-driven comparisons)
- Playlist 3: "Banking-First Investing" (methodology content)

YouTube End Screen Strategy:

- Always link to next video in same playlist
 - Always include subscribe button
 - Always include link to "Golden Visa Complete Guide" (hero video)
-

Instagram Engagement Protocol (15 min/day)

1. Reply to ALL DMs within 2 hours during business hours (Mon-Fri 9-18 GMT+4)
2. Reply to all Reel comments within 4 hours

3. Engage on 5-10 target accounts daily (Dubai RE influencers, wealth managers, UK/DE tax advisors)
 4. Use Question/Poll stickers in Stories 3x/week (drives algorithm engagement)
 5. Save relevant competitor Reels to "Inspiration" collection (outlier research)
-

Branded Hashtag

Use **#BankingFirstMethod** in every Reel and post — same branded hashtag as LinkedIn for cross-platform recognition.

Next Steps

1. **Shoot first 3 Reels (Week 1)** — Educational, Property Story, Market Data
 2. **Script YouTube Video 1** — Golden Visa guide
 3. **Set up Instagram posting schedule** — Buffer or Later app
 4. **Create Story highlights structure** — Golden Visa, RAK, Client Wins, Q&A, Banking-First Method
 5. **Design YouTube thumbnail templates** — Canva, reusable format
 6. **Prepare B-roll library** — shoot 10-15 generic Dubai property clips for reuse
 7. **Create YouTube playlists** — 3 playlists aligned with core topics
 8. **First repurpose test** — extract 3 Reels from YouTube Video 1
-
