

campaign-setup

Версия: 1.0

Дата: 2026-03-15

Бюджет: \$1,600-2,500/мес (months 3-6)

Цель: High-intent leads для Golden Visa, investment property, integrated advisory

Общая стратегия

WTP не конкурирует с 8,000 агентствами по цене квадратного метра. WTP продаёт **интегрированную инвестиционную инфраструктуру**: banking-first подход + ownership structure + visa + property. Google Ads таргетирует только тех, кто уже понимает или ищет этот уровень решения.

Принципы кампаний

1. **Banking-first differentiation** — в каждом объявлении упоминаем pre-screen
2. **Integrated messaging** — не "купи квартиру", а "структурируй вход на рынок ОАЭ"
3. **Specific, not generic** — "48h pre-screen", "\$2M Golden Visa property", "RAK +47% YoY" вместо "лучшие цены"
4. **Trust, not hype** — избегаем "guaranteed", "cheapest", "#1", "best deals"

Campaign 1: Golden Visa / Investment Intent (Search)

Цель: Захватить высоко-интентных инвесторов, ищущих Golden Visa через недвижимость **Бюджет:** \$600-1,000/мес **Bidding Strategy:** Manual CPC (первые 4 недели) → Target CPA после 30+ конверсий **Target CPA:** \$200-400 (HNWI real estate leads; adjust после сбора данных — \$100-150 нереалистично для этого сегмента) **Audience Overlays (дополнительно к ключевым словам):**

- In-Market: Real Estate → Residential Properties (Investment)
- In-Market: Business Services → Business Formation Services
- Custom Intent: создать на основе URL конкурентов (Luxhabitat, Betterhomes, Haus & Haus)
- Remarketing: посетители realestate.wtpref.com + wtpref.com (bid +30%)

Conversion Tracking (обязательно до запуска):

- GA4 event: `form_submit` на pre-screen форме
- GA4 event: `whatsapp_click` на WhatsApp кнопке
- Google Ads conversion: lead (primary), qualified_lead (secondary — помечается вручную в CRM)
- Offline conversion import: CRM → Google Ads через API (после 30 дней)
- Test: отправить тестовую конверсию и убедиться что она отражается в Google Ads

Geographic Targeting: United Arab Emirates, United Kingdom, Germany, Netherlands, Switzerland, Scandinavia (Sweden, Norway, Denmark) **Language Targeting:** English **Device Bid Adjustments:** Mobile -10% (форма сложная), Desktop +10% **Ad Schedule:** 24/7 с повышением на weekdays 9:00-18:00 GMT+4 (+15%)

Next Steps для WTP

2. Подключить billing – кредитка или invoice (для \$1K+ spend)
3. Установить GTM + Conversion Tracking – следовать инструкции выше
4. Создать Campaign 1 (Golden Visa) – начать с \$30-50/день
5. Запустить на 1 неделю – собрать данные
6. Проанализировать Search Terms – добавить negatives
7. Оптимизировать 2 недели → затем добавлять Campaign 2 и 3

Важно: Не запускать все 4 campaigns сразу. Начать с Campaign 1 (Golden Visa) → убедиться что conversion tracking работает

→ добавлять остальные постепенно.
