Complete guide for attending RE conferences and executing 1-day partner roadshows

Two strategies: visitor (no booth) and exhibitor (with booth)

Target Conferences: Cityscape Dubai, MIPIM Cannes, IFN Forum, Wealth Forum **Roadshow Cities:** London, Frankfurt, Munich, Amsterdam, Zurich **Investment per Conference:** \$1,000-10,000 (visitor vs. exhibitor) **ROI Target:** 15-20 quality contacts per event, 3-5 partnerships per year

Conference Calendar 2026

Target Conferences (Priority Order)

CONFERENCE	LOCATION	WHEN	COST (VISITOR)	COST (BOOTH)	PRIORITY	WHY ATTEND
Cityscape Dubai	Dubai	November	\$500-1,000	\$5,000-10,000	HIGH	Home market, local investors, Dubai-based RE buyers
MIPIM	Cannes, France	March	\$2,000-3,000	\$10,000-25,000	MEDIUM	International investors, wealth managers, institutional buyers
IFN Forum	Dubai	Varies (Q2/Q4)	\$500-1,500	\$3,000-5,000	MEDIUM	Islamic finance investors, GCC wealth, Sharia-compliant RE
Wealth Forum	London/Zurich	Varies	\$1,000-2,000	\$5,000-8,000	MEDIUM	Family offices, wealth managers, HNWI advisors
PropTech Summit Dubai	Dubai	Q1	\$300-800	\$2,000-4,000	LOW	Innovation focus, less RE investment focus
Global Property Summit	Dubai	Q3	\$500-1,000	\$3,000-6,000	LOW	Broad audience, less targeted

Recommendation Year 1:

- Cityscape Dubai (visitor) — November
- IFN Forum (visitor) — Q2 or Q4
- MIPIM (visitor, if budget allows) — March

Booth Strategy: Only booth at Cityscape Dubai (home market advantage). All others = visitor strategy for first year.

Visitor Strategy (No Booth)

When to use: First-time attending, budget-conscious, testing conference ROI **Investment:** \$500-3,000 (ticket + travel + materials) **Goal:** 15-20 quality contacts, 3-5 follow-up meetings scheduled

Pre-Conference Preparation (3 Weeks Before)

Week 1-2: Research & Outreach

- [] **Download attendee list** (if available) — Most conferences offer exhibitor/speaker lists
- [] **Identify targets** — 30-40 people to connect with:

- Speakers on relevant topics (RE investment, tax, wealth management) - Exhibitors from target countries (UK, DE, NL, CH) - Wealth managers, family offices, tax advisory firms

- [] **LinkedIn outreach** — Message 20-30 targets:

Template: "Hi [Name], saw you're speaking at [Conference] next week. I'm attending from Dubai (WTP — we work with UK/DE advisors on UAE RE). Would love to connect briefly at the event to discuss [specific topic]. Coffee on [Day 1] or [Day 2]?"

- [] **Schedule meetings** — Aim for 3-5 pre-scheduled meetings during conference
- [] **Book accommodation** — Hotel near venue, 1-2 nights depending on conference length

Week 3: Materials & Logistics

- [] **Print business cards** — 100 cards (expect to hand out 30-50, rest = backup)
- [] **Print One-Pagers** — 50 copies, tri-fold or A4 (WTP RE One-Pager)
- [] **Create QR code** — Links to:

- realestate.wtpref.com - Contact form - LinkedIn profile

- [] **Prepare elevator pitch** — 30-second version:

Example: "I'm [Name] from WTP in Dubai. We work with UK and European tax advisors whose clients are buying property in UAE — but we take a banking-first approach. Most buyers struggle with UAE bank accounts AFTER purchase. We pre-screen banking before property search. Saves headaches, speeds up the process."

- [] **Prepare conversation starters** — 3-5 open-ended questions:

- "What brings you to [Conference]?" - "Are you seeing clients interested in UAE property?" - "What's the biggest challenge your clients face with cross-border investments?"

- [] **Download conference app** — Most events have mobile apps with schedule, attendee directory, messaging
- [] **Plan daily schedule** — Mark must-attend sessions, networking breaks, lunch/dinner slots

Day-Of Strategy

Morning (Before Sessions)

- [] **Arrive early** — 8:00-8:30 for 9:00 start (networking during registration)
- [] **Position near registration** — Strike up conversations while people collect badges
- [] **Scan badges** — If conference provides badge scanners, rent one (\$50-100) — faster than collecting cards

During Sessions

- [] **Attend relevant sessions** — Pick 2-3 where your ICP will be

- Sessions on wealth management, tax planning, international RE - NOT generic sessions (less targeted audience)

- [] **Sit strategically** — Aisle or back row (easy to leave for networking breaks)
- [] **Take notes** — On content AND on speakers (potential contacts)
- [] **Ask questions** — During Q&A (positions you as expert, people approach you after)

Networking Breaks (Critical)

- [] **Don't sit alone** — Approach groups of 2-3 people (easier than large groups)
- [] **Use conference context** — "What did you think of [Speaker]'s point about [topic]?"
- [] **Exchange cards** — After 2-3 min conversation, offer card
- [] **Note on card** — Immediately after conversation, write on BACK of their card:

- Where you met (session name) - Key point discussed - Follow-up action (e.g., "Send RAK report")

- [] **Quality over quantity** — 5 deep conversations > 20 shallow ones

Lunch & Dinner

- [] **Sit with strangers** — Don't default to people you know
- [] **Introduce yourself to table** — "Hi everyone, I'm [Name], WTP from Dubai. What brings you all here?"
- [] **Share insights** — If Dubai RE comes up, offer data/perspective (not pitch)
- [] **Collect contacts** — Aim for 3-5 new contacts per meal

End of Day

- [] **Follow up same evening** — LinkedIn connect + short message:

Template: "Hi [Name], great meeting you at [Conference] today. Really interesting point you made about [topic]. Would love to continue the conversation — I'll send you our RAK market report. Stay in touch."

- [] **CRM update** — Log all new contacts, tag with conference name + interest level (hot/warm/cold)

Content Harvesting at Conference

Every conference = 10-15 content pieces. Capture as you go:

ASSET	HOW TO CAPTURE	CONTENT USE
Speaker quotes	Photo of slide + note key phrase	LinkedIn text post
Your Q&A moment	Ask someone to record when you ask a question	LinkedIn video clip
Hallway conversations	Selfie with permission	LinkedIn "Met [Name] at [Conference]"
Venue/crowd shots	Phone photos	Instagram Stories, LinkedIn
Key data from presentations	Photo of slides	LinkedIn carousel (3-5 data points)
Your insights from sessions	Voice memo between sessions	LinkedIn post next day

Rule: Capture raw assets DURING conference. Polish and post AFTER (or same evening).

Social Media During Conference

- [] **3-5 posts per day** (LinkedIn + Instagram):

- Morning: "At [Conference] today — excited to hear [Speaker] on [topic]" - Midday: Photo from session or networking break + insight - Evening: "Day 1 wrap: Key takeaway from [Conference]..."

- [] **Tag speakers and organizers** — Increases visibility
- [] **Use conference hashtag** — Most events have official hashtag
- [] **Go live (optional)** — Short Instagram/LinkedIn live: "Live from [Conference]" (1-2 min)

Post-Conference Follow-Up (Within 48 Hours)

- [] **LinkedIn connects** — Send to ALL new contacts (same day or next morning)
- [] **Email follow-ups** — Segment by conversation:

Segment 1: Hot Leads (3-5 people) Subject: "Following up from [Conference] — [specific topic]" Body: Personal, references specific conversation, offers next step (call, report, pilot case) **Segment 2: Warm Contacts (10-15 people)** Subject: "Great meeting you at [Conference]" Body: Brief reminder of conversation + useful resource (market report, guide) **Segment 3: Cold Contacts (rest)** Subject: "Connecting from [Conference]" Body: Generic but friendly, add to newsletter list

- [] **Schedule calls** — Book 3-5 follow-up calls with hot leads (within 2 weeks)
 - [] **Send promised materials** — If you said "I'll send you X," do it within 24 hours
 - [] **Update CRM** — Full notes on each contact, next action, timeline
-

Booth Strategy (Cityscape Dubai)

When to use: Home market conference, established presence, higher budget **Investment:** \$5,000-10,000 (booth + design + materials + staffing) **Goal:** 50-100 contacts, 10-15 qualified leads, brand visibility

3 Months Before: Booth Booking

- ☐ **Book booth space** — Early bird pricing (save 20-30%)
- ☐ **Choose location** — Priority:

1. Near main entrance or registration 2. Near food court / coffee area (high foot traffic) 3. Corner booth (two open sides = more visibility)

6 Weeks Before: Booth Design

- ☐ **Design brief** — Share with designer:

Elements:

- Roll-up banners (2x, 200cm tall): WTP logo + "Banking-First Real Estate" + key stat (e.g., "Pre-Screen Banking in 5-7 Days")
- Table cover with WTP branding
- iPad mount or tablet stand (for landing page demo)
- Brochure holder (for One-Pagers)
- Business card holder
- Small giveaway (optional): Branded notebooks, pens, USB drives

Design principles:

- Clean, professional, not cluttered
- Large text (readable from 3-5 meters)
- Contrast colors (dark background, light text or vice versa)
- Clear CTA: "Free Banking Pre-Screen — Scan QR Code"

- ☐ **Print materials:**

- 2 roll-up banners (print in Dubai, cheaper than international shipping) - 200 One-Pagers (tri-fold or A4) - 200 business cards (split between 2 staff members) - 50 Market Reports (premium leave-behind for qualified leads)

2 Weeks Before: Logistics

- ☐ **Confirm booth setup time** — Usually day before conference opens
- ☐ **Staffing plan** — 2 people minimum:

- Person A: On booth (greet, qualify, capture leads) - Person B: Floor networking (walk around, bring people back to booth) - Shifts: 3-hour rotations (avoid fatigue)

- ☐ **Lead capture system** — Choose one:

- **Option 1:** Badge scanner (rent from conference, \$100-200) - **Option 2:** iPad with form (Google Form / Typeform / Airtable) - **Option 3:** Business cards + manual CRM entry (slowest)

- ☐ **Prepare conversation scripts** (for booth staff):

Opener (as people walk by): "Hi, are you investing in Dubai property or advising clients who are?" **If YES:** "Great — have you heard about the banking-first approach? Most buyers struggle to open UAE bank accounts AFTER purchasing. We reverse that. Quick overview?" [Hand them One-Pager] **If NO:** "No worries — here's our contact info if it comes up." [Hand business card, let them go] **Qualifier questions (for serious leads):**

1. What's your timeline for property purchase?
2. What's your budget range?
3. Have you considered banking and visa requirements?
4. Are you working with any advisors (tax, wealth manager)?

Lead capture: "Let me grab your contact — I'll send you [market report / pre-screen info / specific resource]. What's your email?"

Day-Of: Booth Operations

Setup (Day Before or Morning Of)

- [] **Arrive 2 hours early** — Set up booth, test tech
- [] **Arrange materials** — One-Pagers front and center, Market Reports behind counter (hand out selectively)
- [] **Test iPad/scanner** — Make sure forms work, internet connection stable
- [] **Booth appearance** — Clean, organized, inviting (no clutter, no empty spaces)

During Conference

- [] **Stand, don't sit** — Sitting signals "not interested in talking"
- [] **Greet proactively** — Don't wait for people to approach, engage eye contact
- [] **Qualify fast** — Don't spend 20 min with tire-kickers, politely exit and move to next
- [] **Capture leads immediately** — Don't trust memory, log contact while talking or right after
- [] **Rotate staff** — Switch booth/floor roles every 2-3 hours
- [] **Replenish materials** — Check hourly, restock One-Pagers and cards

Floor Networking (Person B)

- [] **Attend 1-2 sessions** — Choose high-value sessions, network during breaks
- [] **Bring people to booth** — "Let me show you our booth, it's right around the corner"
- [] **Partner booth visits** — Visit complementary booths (tax firms, immigration consultants) — introduce yourself, discuss partnership
- [] **Collect competitor intel** — What are other RE agencies offering? Pricing? Messaging?

Post-Conference (Within 24 Hours)

- [] **Export leads** — Download from scanner or form, import to CRM
- [] **Segment leads:**

- **Hot** (ready to buy, timeline <3 months) - **Warm** (exploring, timeline 3-6 months) - **Cold** (information gathering, timeline >6 months or unclear)

- [] **Email follow-up:**

Hot Leads (within 12 hours): Subject: "Following up from Cityscape — [Name]" Body: Personal, reference specific conversation, offer next step (call this week, send property options, pre-screen) **Warm Leads (within 24 hours):** Subject: "Great meeting you at Cityscape" Body: Brief reminder + Market Report PDF attached **Cold Leads (within 48 hours):** Subject: "Connecting from Cityscape Dubai" Body: Thanks for stopping by + add to newsletter

- [] **Schedule calls** — Book 5-10 calls with hot/warm leads (within 1 week)
- [] **ROI analysis:**

- Leads captured: [X] - Hot leads: [Y] - Calls scheduled: [Z] - Cost per lead: [booth cost ÷ total leads] - Projected revenue: [hot leads × avg deal size × close rate]

Competitor Intelligence at Conferences

Conferences = rare opportunity to see competitors in person. Capture intelligence systematically.

What to Observe

CATEGORY	WHAT TO LOOK FOR	HOW TO CAPTURE
Messaging	Headline on booth, tagline, value prop	Photo of booth
Materials	Brochures, flyers, business cards	Collect them (visit booth)
Pricing	Any visible pricing, fee structure mentioned	Notes on phone
Staff quality	How they pitch, questions they ask, professionalism	Mental notes → journal
Traffic	How many people visit their booth, queue length	Observation
Technology	CRM used, lead capture method, digital tools	Ask casually

Competitor Booth Visit Script

Visit 3-5 competitor RE agency booths. Present yourself as an investor (not a competitor):

"Hi, I'm exploring Dubai property for investment. Can you tell me about your services?"

Listen for:

- Do they mention banking? (99% won't — that's your differentiator)
- How do they qualify leads?
- What properties/areas do they push?
- Do they offer structure advice?

After visit, note:

- What they do well (learn from it)
- What they miss (your opportunity)
- How WTP is different (refine your pitch)

Post-Conference Competitor Report

After each conference, write a 1-page summary:

- Top 3 competitors present
- Their messaging vs. WTP messaging
- Gaps they're not filling (banking, structure, visa integration)
- Ideas to steal (formats, materials, tech)

Success Metrics (Events & Roadshows)

Event Type	Contacts	Qualified Leads	Partnerships	Revenue (6mo)	Cost	ROI

Roadshow (1-day)	8-12	2-3	1-2	\$30-80K	\$1,500	20-53x

Note: ROI calculated as (revenue generated within 6 months) ÷ (event cost). Revenue = deals closed from event-sourced leads.

Final Tips: Events & Roadshows

DO:

✅ Prepare obsessively — know your pitch, your materials, your schedule ✅ Follow up within 24 hours (while memory is fresh) ✅ Qualify leads fast (don't waste time on tire-kickers) ✅ Bring value first (market report, insight, free assessment) before asking for business ✅ Track everything in CRM (no contact left behind) ✅ Post on social media during event (visibility + FOMO for next event)

DON'T:

❌ Wing it (lack of preparation shows) ❌ Delay follow-up (hot leads go cold after 48 hours) ❌ Pitch too hard (education and insight sell better than hard sell) ❌ Ignore small contacts (today's junior advisor = tomorrow's partner) ❌ Skip ROI tracking (measure or you can't improve) ❌ Burn out (events are exhausting — pace yourself, take breaks)
