Presentation Outline

Title: "Dubai RE Market: What Data Shows for 2026" **Duration:** 20 minutes **Format:** 12-15 slides, data-heavy, minimal text

Slide-by-Slide Structure

Slide 1: Title Slide

On screen:

- "Dubai Real Estate Market: What Data Shows for 2026"
- Presenter name, WTP logo
- Date

Talking points:

- Thank you for joining
 - Quick intro: WTP = not typical agency — we integrate banking + company + visa + property
 - Tonight's goal: share data, not sell — you decide if Dubai RE makes sense for your situation
-

Slide 2: Why We're Here

On screen:

- Headline: "This is NOT a sales pitch"
- 3 bullets:

- Market data (not opinions) - Real problems investors face - How we think about it (you decide) **Talking points:**

- 99% of 8,000 agencies in Dubai sell square meters
 - We sell investor infrastructure — property is one part
 - You'll hear data, see problems, get free pre-screen — no pressure
-

Slide 3: Macro Trends — Supply & Demand

On screen:

- Chart: Dubai property transactions 2020-2025 (show growth curve)
- Chart: Inventory vs. sales rate
- Stat callout: "199,946 transactions in 2025 (+18% YoY)"

Talking points:

- Dubai RE market hit record transactions in 2025
 - Supply growing but demand outpacing
 - Key drivers: Golden Visa, tax relocations (UK non-dom, DE Wegzugsteuer, NL Box 3)
 - Sustained demand from HNWI relocators
-

Slide 4: Price Movements by Area

On screen:

- Table or bar chart: Average price per sqft by area (Downtown, Marina, Palm, RAK, Expo City)
- Highlight: RAK +47% YoY, Expo City +12% YoY

Talking points:

- Not all areas equal — RAK outperforming due to Wynn Casino (opening 2027)
 - Expo City = steady, conservative growth (infrastructure-ready, govt-backed)
 - Downtown/Marina = mature, stable, lower upside but liquid
-

Slide 5: Regulatory Changes 2025-2026

On screen:

- Bullet list:

- Golden Visa property threshold: 2M AED (unchanged) - New ESR substance requirements (economic substance regulation) - RAK Free Zone updates (corporate + RE synergy) - Banking KYC tightening (AML compliance) **Talking points:**

- Regulation getting tighter, not looser — banking especially
 - ESR now requires proof of management/operations in UAE (not just company registration)
 - This is where most buyers hit problems (we'll get to that)
-

Slide 6: Niche Opportunity #1 — RAK (Ras Al Khaimah)

On screen:

- Photo: Al Marjan Island aerial
- Stats:

- +47% price growth YoY - Wynn Casino opening Q1 2027 - Holiday home rental yields: 8-12% **Talking points:**

- RAK = the overlooked opportunity
- Wynn Casino will transform the area (tourism, hospitality, events)
- Still underpriced vs. Dubai — window closing
- Dual-use: investment property + holiday rental income

Visual: Map showing RAK proximity to Dubai (35min drive)

Slide 7: Niche Opportunity #2 — Expo City Dubai

On screen:

- Photo: Expo City infrastructure (metro, pavilions)
- Stats:

- Ready infrastructure (metro, roads, schools) - District 2020 apartments from 900K AED - Government-backed development (Emaar, Meraas) **Talking points:**

- Conservative investor play — govt-backed, stable
 - Ready infrastructure (vs. off-plan risk)
 - 5-10 year capital appreciation, lower volatility
 - Best for: investors prioritizing safety over high returns
-

Slide 8: The #1 Problem Investors Face

On screen:

- Headline: "40% of buyers face this issue AFTER purchase"
- Icon/graphic: Bank account rejection
- Quote: "I bought the property, but the bank won't open my account."

Talking points:

- Most agencies focus on closing the sale — done
 - But here's what happens next: buyer needs UAE bank account for mortgage, ownership, visa
 - 40% of buyers get rejected or delayed at banking stage
 - Why? Source of funds, KYC, compliance, structure issues
 - **This is the WTP differentiator**
-

Slide 9: Banking-First Approach (WTP Method)

On screen:

- Process diagram:

1. Free Banking Pre-Screen (5-7 days) 2. Structure Assessment (personal vs. LLC ownership) 3. Property Selection 4. Simultaneous: Bank Account + SPA + Visa 5. Handover + Management **Talking points:**

- We reverse the order: banking FIRST, property second
 - Why? No point buying if you can't bank
 - Free pre-screen: submit SOF + profile → we tell you if UAE banks will accept
 - Only then do we show properties
 - This prevents the nightmare scenario on Slide 8
-

Slide 10: Case Example (Anonymized)

On screen:

- "UK Investor, Exit Tax, 3M AED Budget"
- Timeline infographic:

- Week 1: Pre-screen (approved) - Week 2: Structure recommendation (personal ownership + UAE company) - Week 3-4: Property search (Downtown, 2BR) - Week 5: SPA signed + bank account opening - Week 6: Golden Visa application - Week 8: Keys + active account

Talking points:

- Real case (anonymized): UK non-dom, relocating due to tax changes
- Budget 3M AED, needed Golden Visa + substance
- We pre-screened banking (approved), structured ownership, coordinated all steps
- 8 weeks start to finish — bank account, visa, keys
- Client avoided the typical problem (buying first, banking later)

Slide 11: How WTP Works — Services Integration

On screen:

- Venn diagram or connected boxes:

- Real Estate - Banking (account opening) - Company Setup (for structure) - Visa (Golden Visa, investor visa) - Tax Residency **Talking points:**

- This is why we're different — integrated approach
- Other agencies: property only, you figure out the rest
- WTP: we handle banking, company, visa, tax — property is ONE component
- You get one partner, one process, no handoffs

Not a pitch — just explaining how we think about it.

Slide 12: Q&A + Next Steps

On screen:

- "Questions?"
- Bottom: "Free Pre-Screen Offer"

- Submit your profile → we'll tell you banking feasibility in 5-7 days - No commitment, no cost - WhatsApp: [number] | Email: [email]

Talking points:

- Open floor for questions — ask anything
- If you want to explore your specific situation: free pre-screen
- We assess your SOF, structure, banking options → give you a clear picture
- Decision is yours — we're here if it makes sense

Close: "Let's continue the conversation over dinner. Thank you."

Engagement	5+ questions during Q&A	Count questions asked
Follow-up Response	40%+ reply to Day 1 message	Track WhatsApp/email replies

Break-even: 1 closed deal = event pays for itself + profit

Tips for Success

DO:

✓ Keep presentation data-heavy, opinion-light ✓ Address the banking problem directly — it's your differentiator ✓ Encourage questions throughout (not just Q&A at end) ✓ Take notes during conversations (who said what — for follow-up) ✓ Offer the free pre-screen multiple times (no pressure, but make it clear) ✓ Get photographer to capture group photo (social proof for next event) ✓ Follow up FAST (within 12 hours while memory fresh)

DON'T:

✗ Pitch hard — data and insight sell themselves ✗ Overstay — 21:00 hard stop, respect attendees' time ✗ Ignore dietary restrictions — ask in RSVP ✗ Talk only to "big fish" — every attendee matters, network effects ✗ Skip follow-up — 80% of value is in the follow-up sequence ✗ Make it about WTP — make it about THEM and their decision ✗ Promise results you can't deliver — honesty builds trust

Next Dinner: Lessons to Apply

After first dinner, review:

1. **Which topics got most questions?** → Double down on those in next presentation
2. **Where did people tune out?** → Cut or shorten those slides
3. **What objections surfaced?** → Add slides addressing them
4. **Who didn't follow up?** → Why? (Wrong audience, wrong message, wrong CTA?)

5. **Conversion rate?** → If <20% request consultation, adjust invitation targeting

Iterate and improve. First dinner = learning. Third dinner = dialed in.

Ready-to-Use Scripts

Welcome Script (18:30)

"Good evening, everyone. Thank you for joining us tonight.

I'm [Name], [Title] at WTP. We're not your typical Dubai real estate agency — we focus on the full investor infrastructure: banking, company setup, visa, and yes, property.

Tonight, you'll see data on the Dubai market, hear about opportunities we're tracking, and understand the #1 problem most buyers face after purchase — and how to avoid it.

This is NOT a sales pitch. We'll share what we know, answer your questions, and offer a free pre-screen if you'd like to explore further. The decision is entirely yours.

Let's start with drinks and introductions — I'd love to hear what brings each of you to Dubai RE."

Closing Script (20:40)

"Thank you all for great questions tonight. Really insightful conversation.

Before we wrap, one offer: if you'd like a free banking pre-screen — no strings, no cost — just send me your profile and we'll assess your banking feasibility within 5-7 days. It's the same check we do for all our clients BEFORE they start property search.

My WhatsApp and email are on the screen. Feel free to reach out anytime.

Enjoy the rest of your evening — I'm around for the next 20 minutes if anyone wants to chat 1-on-1."
