

Relocating to the UAE? We handle both sides.

Get Your Banking Roadmap

Coordinated exit from your home jurisdiction + bankable company setup in the UAE. One process, one team, partner firms in key markets.

Two Sides, One Process

THE BRIDGE

Exit Side

Partner firms in the UK, Germany, and the Netherlands handle tax exit, capital gains, regulatory compliance, and wind-down of local structures.

Entry Side

WTP handles UAE company formation, banking, visa, tax residency, and substance — using our Banking-First methodology.

Coming from another jurisdiction? We coordinate with your existing advisor using our standard cross-border protocol.

Banking-First Method

OUR PROCESS

01

Pre-Check

Assess your profile, source of funds, and flag issues — both UAE-side and exit-side.

02

Exit Coordination

Connect you with our partner firm or coordinate with your existing advisor.

03

UAE Architecture

Design the right structure based on banking profile, business model, and residency goals.

04

Execution

Exit and entry in the right order. Registration, banking, visa, substance — timed to your tax calendar.

Why UAE?

JURISDICTION COMPARISON

	CORP. TAX	SETUP	BANKING	GOLDEN VISA
UAE	9%	2-4 wks	Strict but manageable	Yes (AED 2M)
Singapore	17%	1-3 wks	Easy	No
Portugal	21%	4-8 wks	Easy	Yes (EUR 500K)
Switzerland	8.5-24%	4-12 wks	Very strict	No
Malta	35%/5%*	8-16 wks	Moderate	Yes (EUR 700K)

UAE wins on tax rate, visa program, and speed. But only if your banking is sorted.

How We're Different

WHY WTP

Banking-First

Bank readiness assessed before registration. No "register first, hope for the best."

Exit + Entry

Risk-Aware

We decline cases that won't pass compliance. This protects you from wasted time.

Transparency

Government fees at cost. Our management fee is separate and clearly stated.

Real Substance

Actual management infrastructure, not virtual office theater.
